

## PECB Certified ISO 31000 Risk Manager

Understand the implementation of Risk Management processes based on ISO 31000

### Why should you attend?

The ISO 31000 Risk Manager training course helps participants acquire the knowledge necessary and ability to integrate the risk management guidelines of ISO 31000 in an organization. It provides information with regard to the risk management principles and their application, as well as the core elements of the risk management framework and steps for a risk management process. In addition, it provides the basic approaches, methods, and practices for assessing risk in a wide range of situations.

Upon completion of the training course, you can sit for the exam and apply to obtain the "PECB Certified ISO 31000 Risk Manager" credential. The credential demonstrates your knowledge and ability to apply the risk management process in an organization based on the guidelines of ISO 31000 and best practices.

### Course agenda

DURATION: 3 DAYS

Day 1: Introduction to ISO 31000 and risk management and establishing the risk management framework

Day 2: Initiation of the risk management process and risk assessment based on ISO 31000

Day 3: Risk treatment, recording and reporting, monitoring and review, and communication and consultation according to ISO 31000

### General information

- Training course materials containing over 300 pages of information and practical examples will be distributed to participants.
- An attendance record of 21 CPD (Continuing Professional Development) credits will be issued.
- If you fail the exam, you can retake the exam once for free within 12 months following the initial exam date.
